DELIRIOUSLY DESIRABLE IN DUPONT

This spacious and sunlit patio unit offers 900 square feet of living and entertaining space. The home has a recently updated kitchen, and offers an open flow of dining area and living room that access the outdoor patio. Each one of the two bedrooms has its own unique character – the master offers two large windows and ample closet space, and the second bedroom has its own stacked washer dryer and a wood burning fireplace for cold winter nights. Main entertaining area has a powder room, and the full bath offers two sinks and a soaking tub. Hardwood floors keep dust to a minimum, and condo fees are low in this small building.

With its location in the heart of Dupont, it is steps to trendy restaurants, the Metro, and a Whole Foods. Parking is deeded.
